MATTOON HIGH SCHOOL
MATTOON, ILLINOIS

This year has seemed to us just like any other year, yet many events have woven themselves together to make this year an important milestone in our lives. We of the 1954 Riddle Staff have done our best to capture all the events here at MHS that have played such a vital part in your lives this past year.

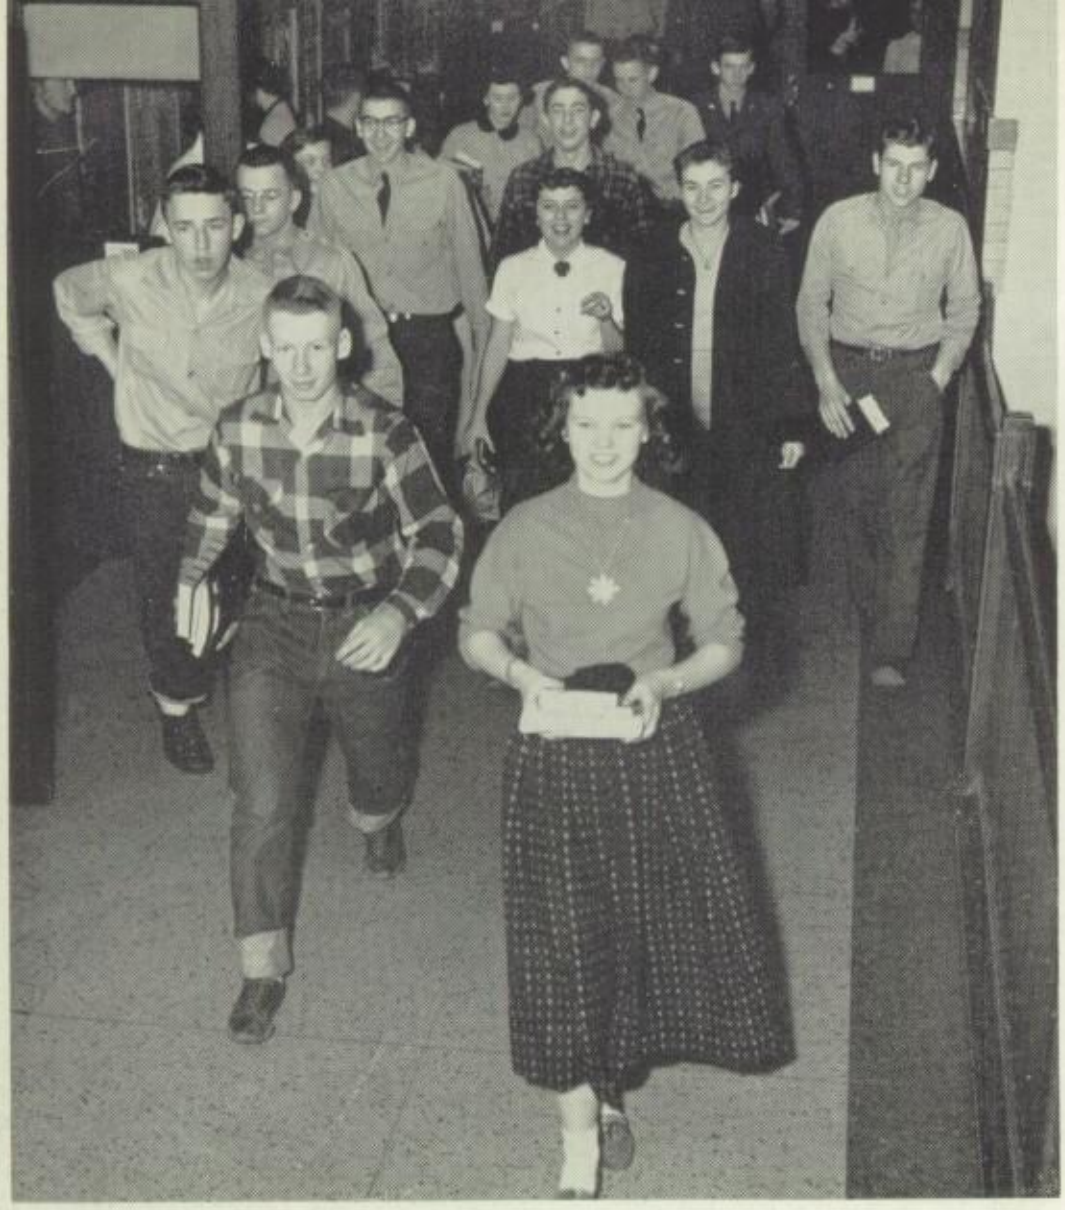
RIDDLE

MATTOON HIGH SCHOOL

MATTOON
ILLINOIS



The Race Was On

We had quite a contest with Father Time to see whether or not we could make our way through crowded corridors in time for our next class.

We're Off

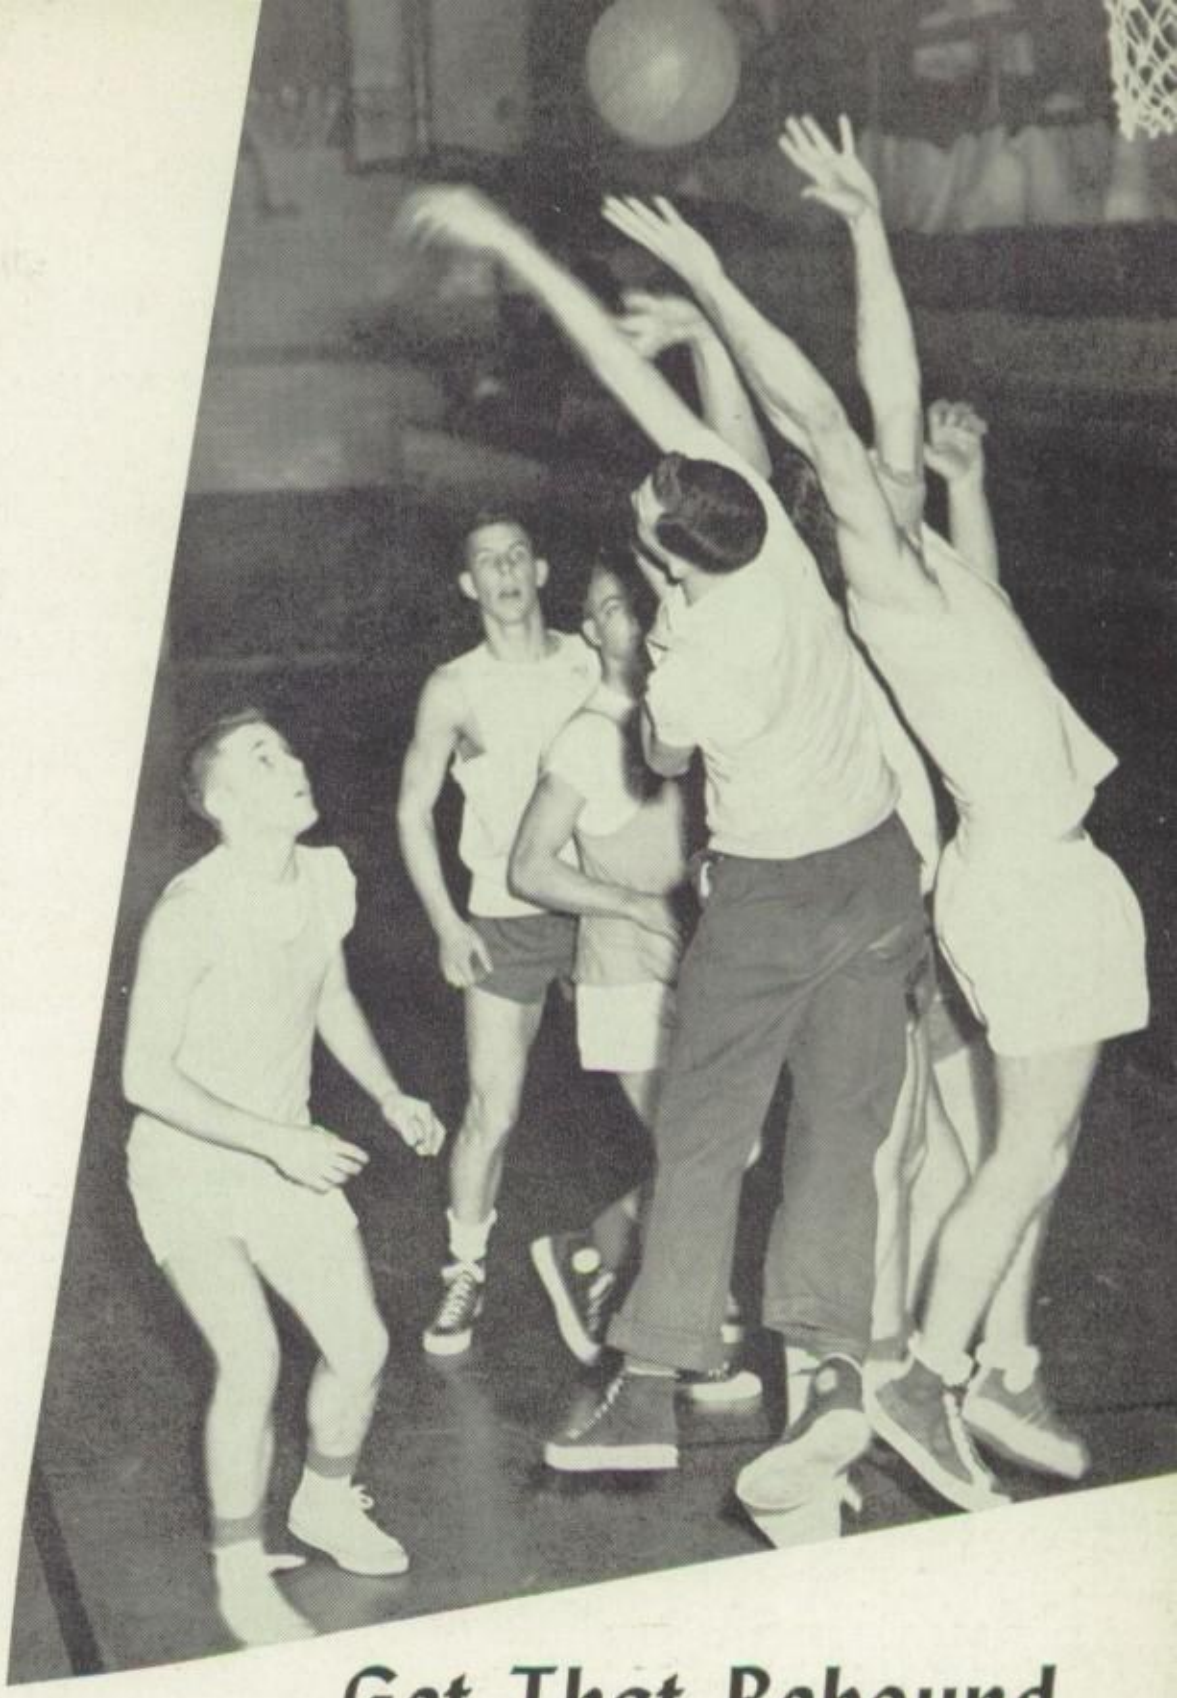
We Didn't Dare Stop

We Took Time Out for Lunch

The Cogs of the Office Wheel

Our Favorite Period

We also had a race to see if we could cram all the activities we wanted before school would run out in the Spring. Some of us danced, played basketball or tried our hand at ping pong. All of us tried to cram in as much social and recreational life as we possibly could.



Get That Rebound

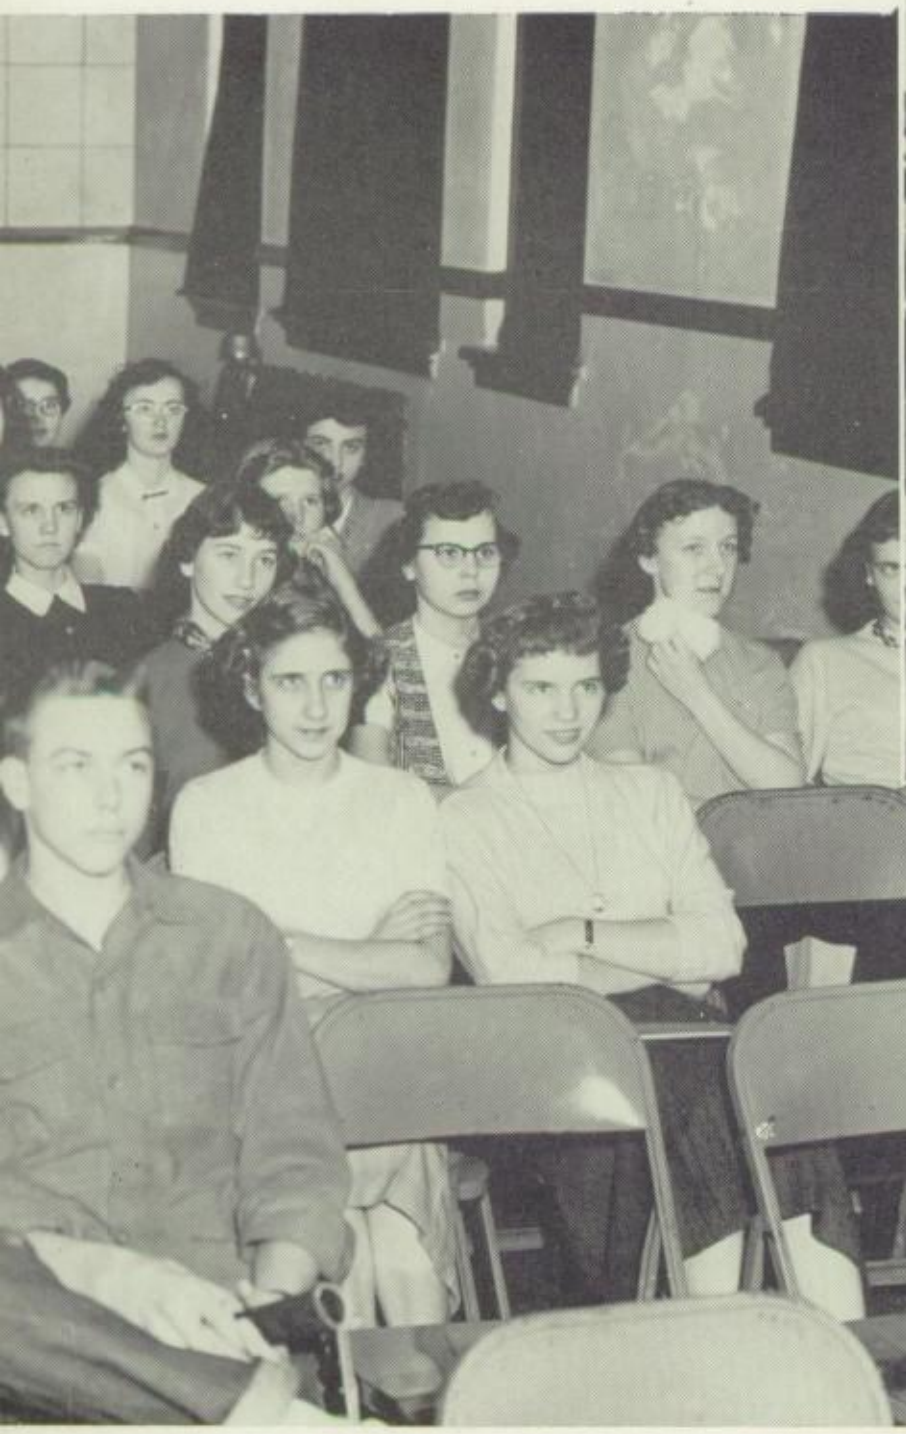
We Tried Our Hand at Ping Pong

Our Answer to the Housing Problem

We Hammered and Hoped

We Enjoyed the

We sometimes enjoyed the lighter side of education, which we hoped would never stop. There were those practical courses, where we developed our skills and put them to good use.



Lighter Side of Education

We Worked with Nature

We didn't like to race quite so hard in the more difficult subjects. In these courses we learned to type, to disect insects, to write themes, and study poetry.

We Sometimes Yearned for the Great Outdoors

Our Fingers Flew

We Learned to Cook

We Tried Our Hand at Drawing

We Enjoyed Those After-the-Game Dances

The Girls Learned Rifle

We enjoyed those after the game dances, where everyone danced in their socks. The race is almost ending now—the long awaited Riddle's are distributed and the Spring parties are all over.

The Riddles Are Distributed

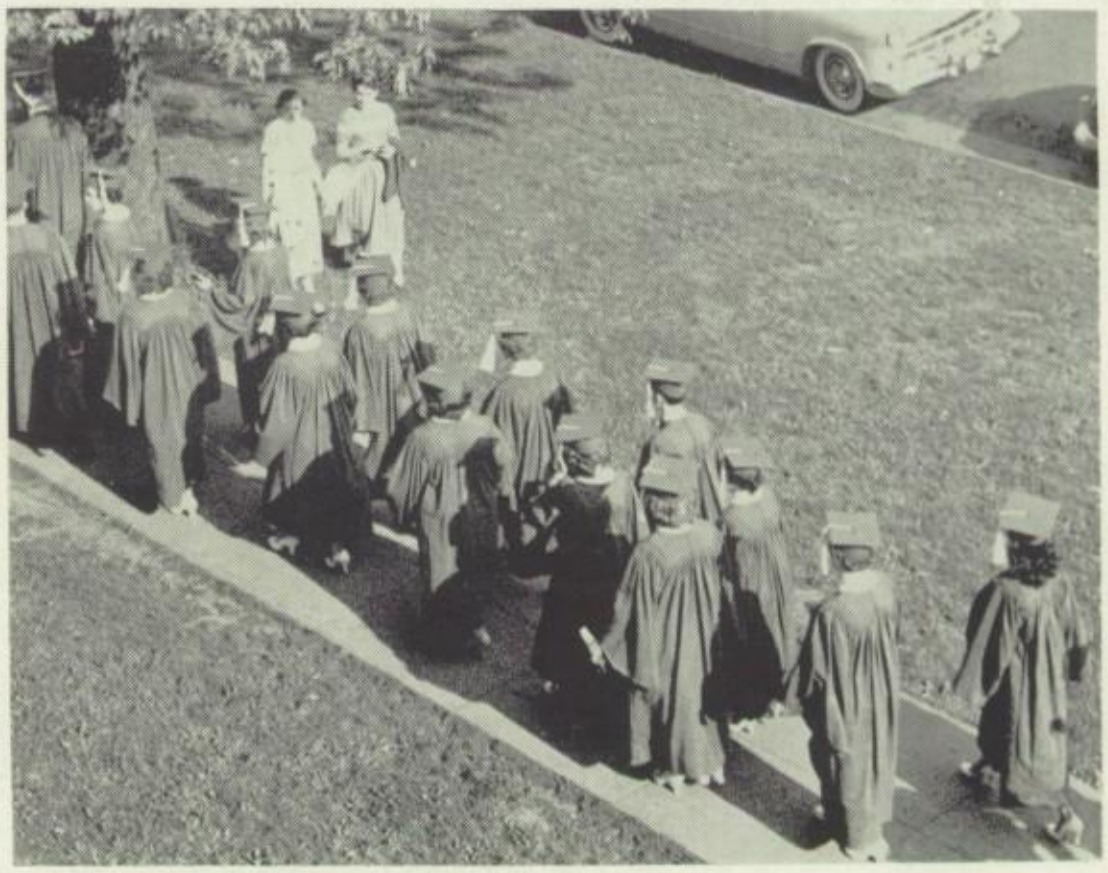
We Waited—What Seemed Like Hours

We occasionally had to race to see whether we would have the next day's assignment in on time. Some of us spent some late hours preparing our lessons, but in the end, our teachers spent some late hours too.

We Get the Assignments They Eventually Pay For It

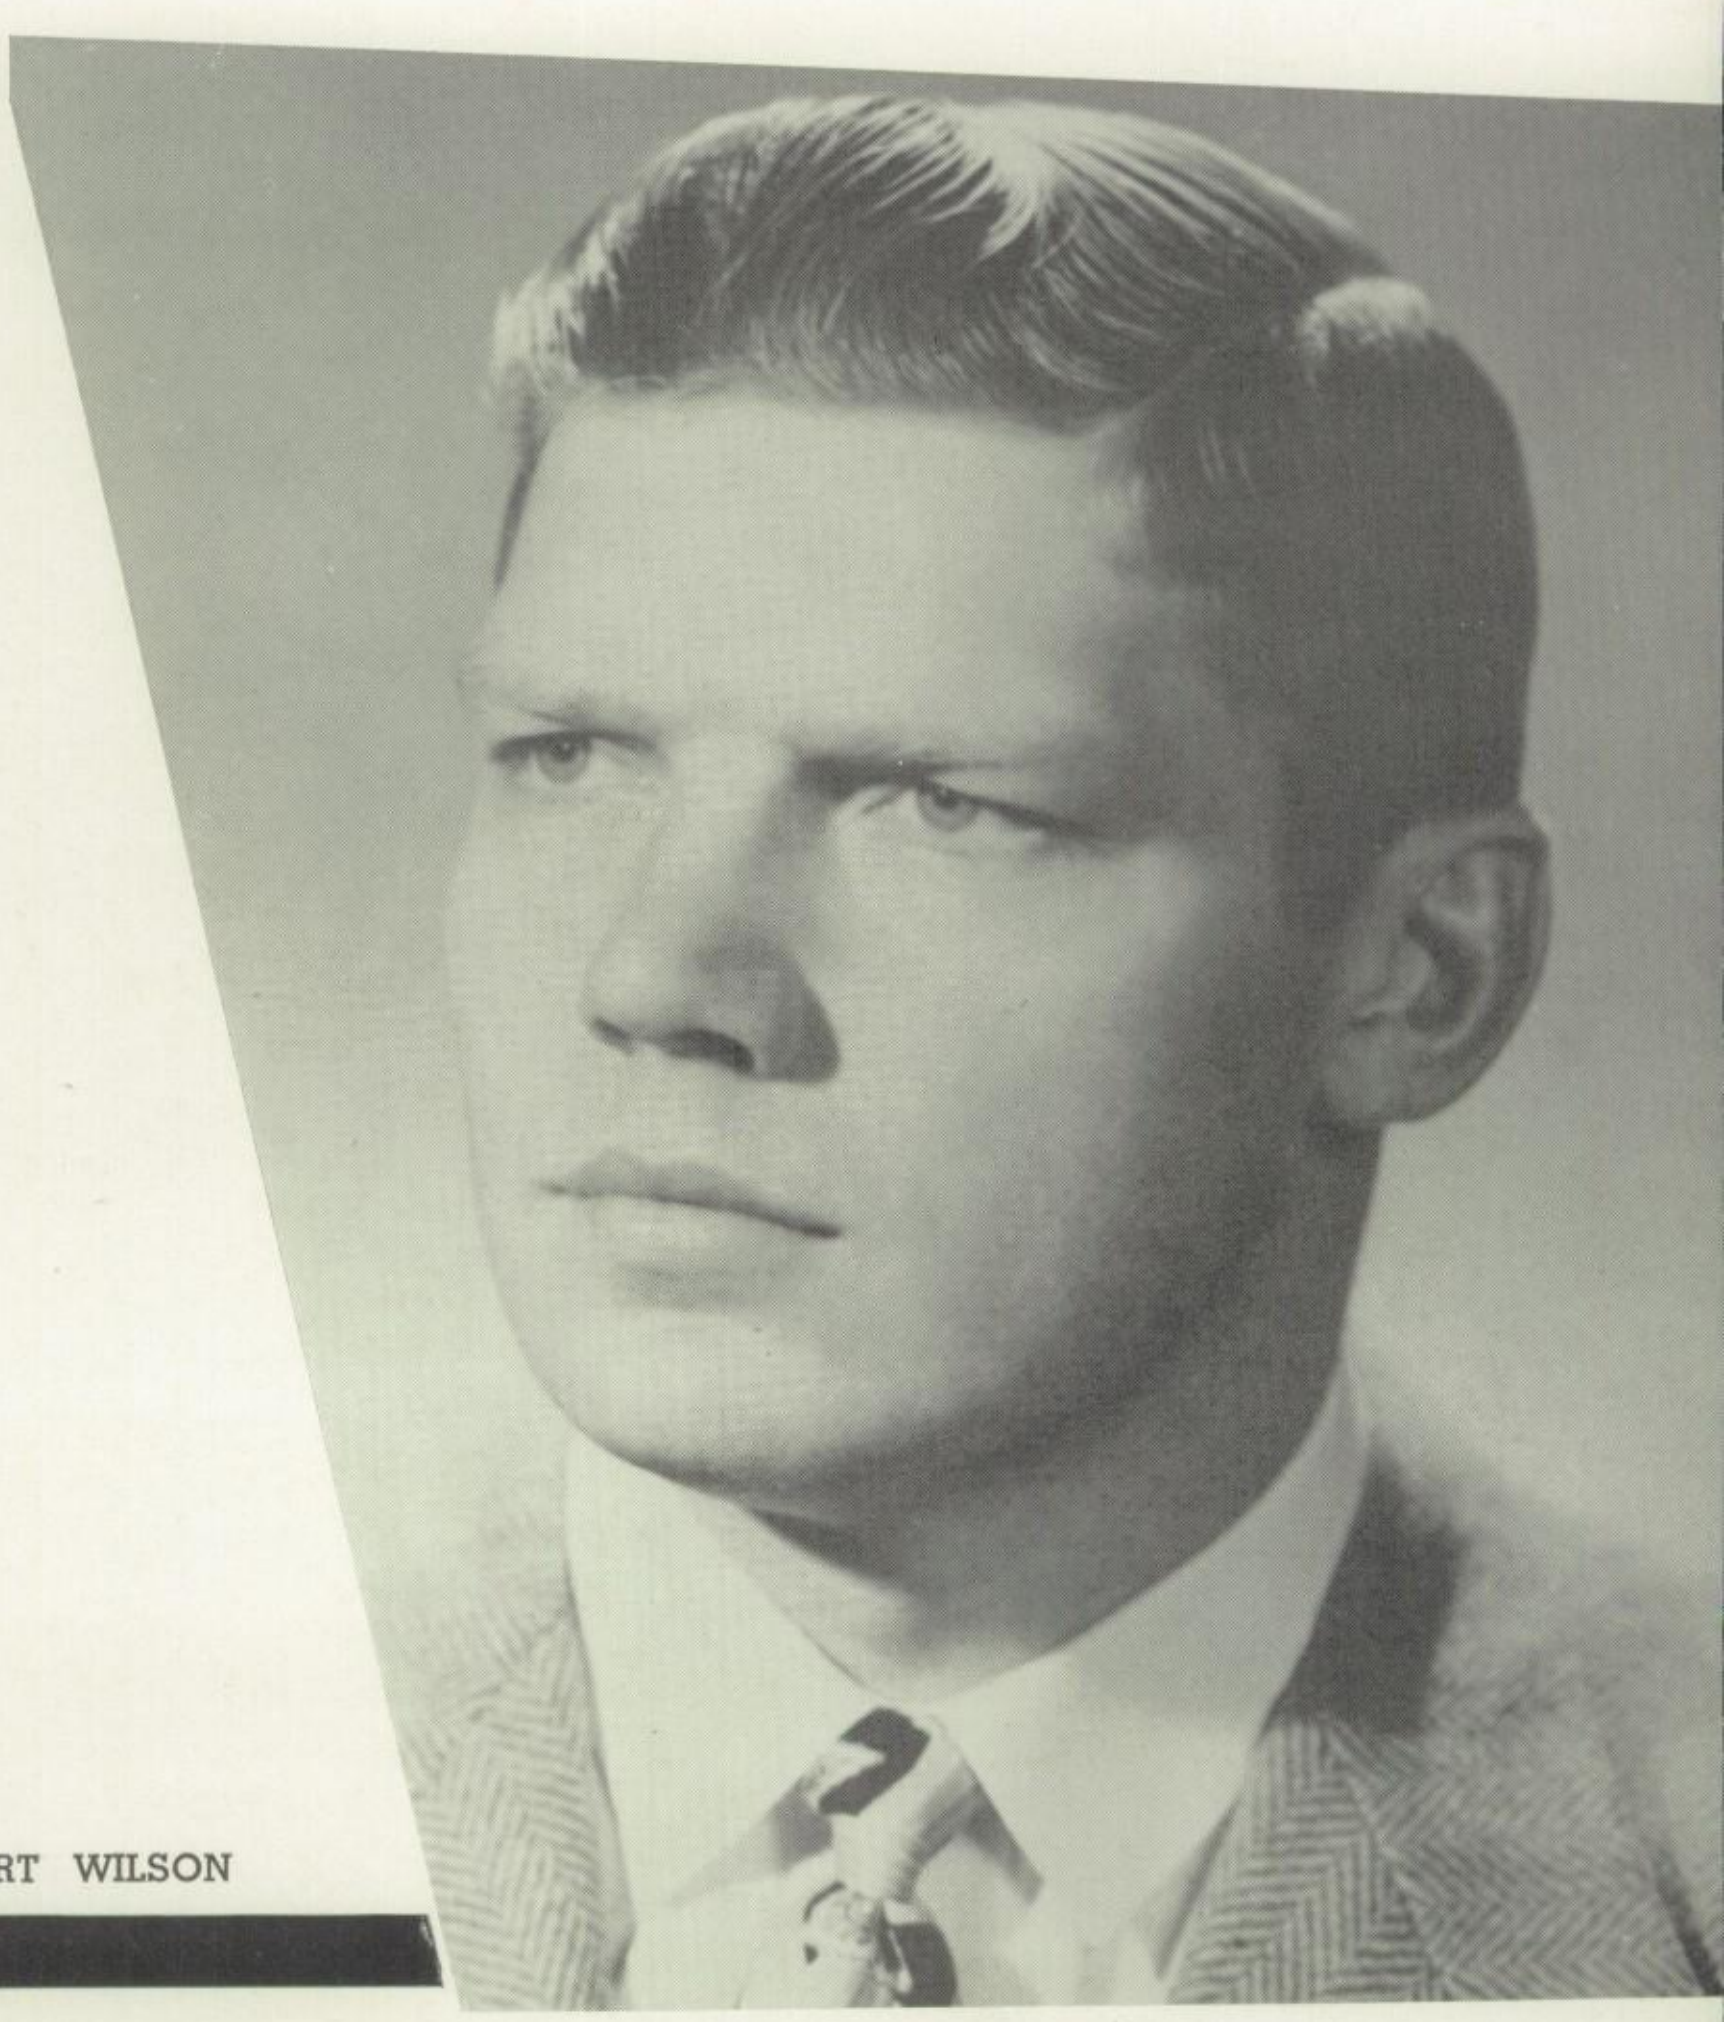
Our Future Lies Ahead

The end of our high school days proved to be quite a race. We had our social life as well as more serious times, but put them together and the race was well worth the running. For a lot of us college or some type of armed forces lies ahead —but whatever it is, we will always look forward in years to come, for more races to run.



We Take the Last Walk to M.H.S.

DEDICATION



MR. ROBERT WILSON

We of the 1953-54 Riddle staff dedicate this year's Riddle to Mr. Robert Wilson, who gave his unselfish service both to young people and to his country.

1954

Remember the Homecoming, ROTC Ball, Spring Party, and the Senior Class Play? These were just a few of the gala events that made up the social calendar of MHS this past year. There were those after the game record dances which were sponsored by the different clubs and organizations here at school. The crowning of the sweetheart of MHS was an occasion that will be remembered for many years.

RIDDLE

Taking pictures, keeping books straight, and meeting copy deadlines are all that go together to make up your Riddle. Nobody can possibly realize the time and effort that goes into a yearbook. Expenses were met this year by selling taffy apples at the football games, the checkroom at basketball games and sponsoring dances. The advisor this year was Mr. Tweedy, who did a great job.

The Camera Club financed its own equipment by selling photos they took of various school activities. This year the Camera Club printed over 400 prints of the Homecoming festivities.

A great deal of thanks is in order for the Student Council's fine work this past year. Something new was added to the Homecoming festivities. The Council conducted an election for a Homecoming queen and court.

The freshman party this spring was a big success. It gave the incoming freshmen a chance to look the high school over.

Mr. Green and Miss Bowman, the advisors, did a great job in keeping things running smoothly.

Under the guidance of Mr. Sheppard the Science Club had a very successful year. Everyone worked on individual projects with several entering them in the Science Fair at Eastern Illinois State College. The program of events included field trips to Chicago, the Petro-Chemical Plant at Tuscola and Open House at the University of Illinois. An assembly program, consisting of various chemical experiments, was also planned.

We are proud to say that four science students, Marilyn Waters, Marcia Holloway, Charles Ellis, and John Bone participated in the thirteenth annual Science Talent Search.

HAM CLUB

If you have a flair for science and are looking for an unusual extra-curricular activity—you need look no more—this is it. Who knows, maybe from this group right here will come Mr. Einstein of tomorrow! Or then someday you may usher into your home one of these members to repair your broken-down television set. The past year most of their attention was focused on radio and television, and they've also worked very hard learning all the little dots and dashes that make up the Morse Code.

But it wasn't **all** work for the Ham Clubbers, and they managed to squeeze in some field trips and even sponsor a dance among their other activities.

FUTURE TEACHERS OF AMERICA

This is the first year of existence for this group. In this club a student who is interested in a career in teaching has an opportunity to do practice teaching and work right along with young people. It has certainly been an active group this year.

OFFICE OCCUPATIONS

The highlights of the Office Occupations year have been the Homecoming float, the Employer-Employee Banquet, and then their trip to Springfield to the state convention of all Distributive Education and Office Occupation students. Now at the close of a very successful year, these students have gained a better understanding of business and what is expected of office employees.

DIVERSIFIED OCCUPATIONS

This organization offers many opportunities to any student planning a career in mechanics, radio work, or any job other than those dealing with salesmanship and secretarial work.

Mr. Crites, the advisor, finds jobs for the students according to the work that they prefer. By working several periods a day, the students gain experience and understanding in their chosen field.

DISTRIBUTIVE EDUCATION

If you plan to spend a part of your life as a salesman in a clothing or hardware store, a good course for you to take would be Distributive Education. Mr. Jones, the advisor, obtains positions for his students in the local department stores.

Again this year, our D.E. students received honors at the state D.E. Convention. Working in local businesses is not the only thing these students do. They had possession of the popcorn machine at the football and basketball games. A trip to Chicago this spring, took the students to various retail stores and a T.V. station.

"Are these patches on straight?" "Do you think he will ask me the parts of the rifle?" These were some of the frantic questions asked by first year cadets. There is more to winning a letter in football, basketball, track, tennis, or wrestling than the letter itself. When an athlete receives his letter, it is really a treasured remembrance of the fun and work he has gone through to become part of a team. Being a member of a team is something every boy dreams of. The bus trips to out-of-town games, the singing on the way back after a victory, and the awful stillness after a loss. This is team spirit, which although hard to explain, has always been part of MHS teams.

For the third consecutive year, Mattoon High gridders had a new head coach, who was Roy Colin. The "Green Wave," also known as the "Hard luck ripple," completed a rather disappointing season in the won and lost column. On paper it was very different, as the "Wave" outrushed, outpassed, outtackled, but failed to outscore their opponents.

The team was led by Captain Jim Van Cleave, who was leading scorer of the team and who placed second in the Big Twelve scoring race. The gridders had an overall record of one victory and seven defeats with a one and four record for the Big Twelve. Next year, Coach Colin is looking forward to changing that record considerably.

Bradley gains for the Green Wave.

FROSH-SOPH FOOTBALL

The Sophomore football team, better known as the "Green Ripples", did not win any more games than their bigger brothers, the varsity. However, the experience they gained with each game was unlimited. They defeated Urbana in one contest and lost to them in a return game. Champaign, Decatur, and Effingham also defeated the "Green Ripples." The frosh-soph team was coached by Andy Sullivan and Chuck Oyler.

CROSS COUNTRY

Ethington on his way to another victory.

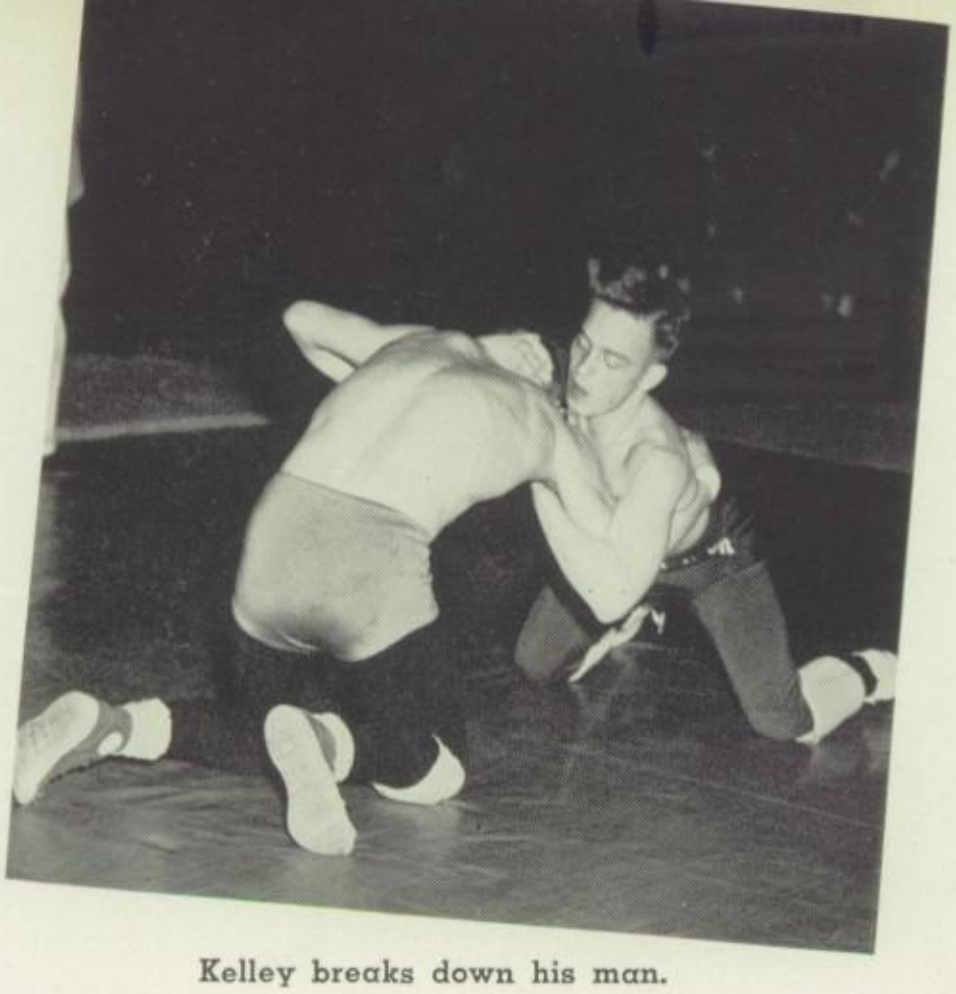
Decker nears the finish.

Under the leadership of Eddie Ethington, Coach Ed Lash's No. 1 runner, the 1953 Cross Country completed a very successful season. Ed placed first in all regular season meets, first in the district, and set a new time in winning the Big Twelve. As a team Mattoon defeated Champaign twice, Paris twice, and won over DeKalb and Argenta in a triangular meet. They lost to Urbana twice who won the Big Twelve and to Cumberland twice. Coach Lash will not have to look hard to find a runner to replace Ethington as he has a number of fine runners in Carl Owens, Dick Kragler, Duane Bryan. They placed second in the Big Twelve and third in the district.

First Row: Don Searles, Duane Bryan, Dick Storm, Carl Owens, Bob Gass, David Sorenson.

Top Row: Coach Ed Lash, Dick Kragler, Ron Davidson, Harold Garbe, Howard Decker, Larry Dallas, Don Cummins, Ed Ethington.

WRESTLING

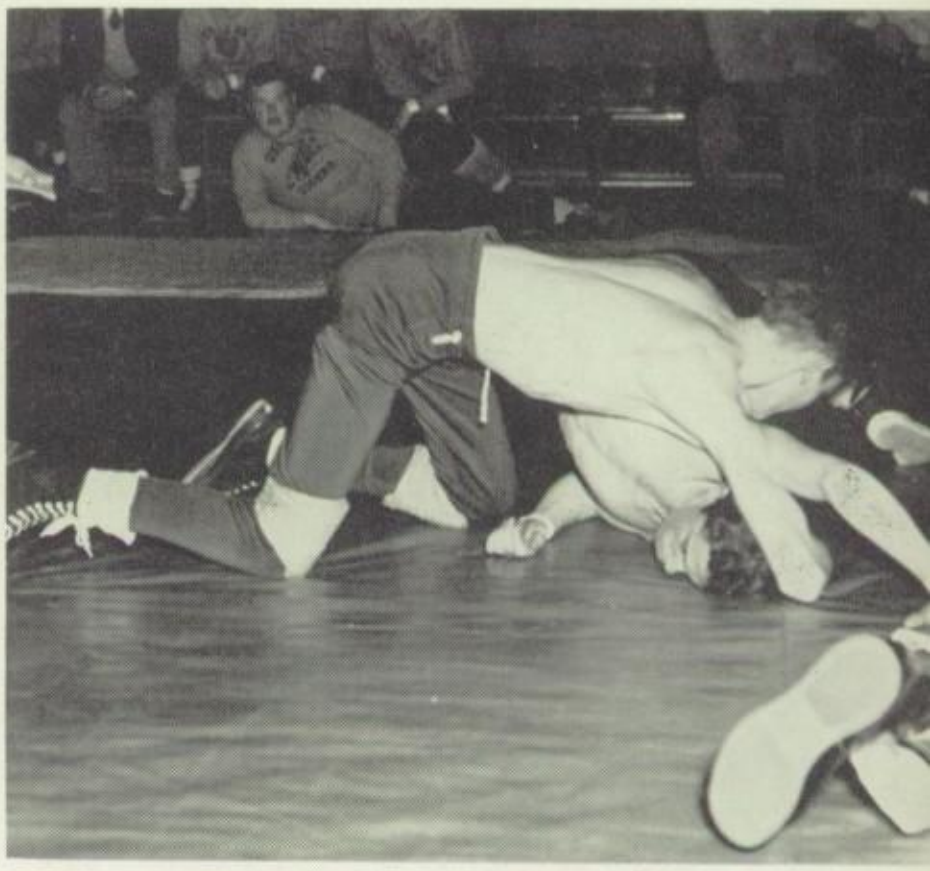


Kelley breaks down his man.

The 1953-54 wrestling squad, coached by Chuck Oyler, completed a better than average season. Several underclassmen proved that they can be the backbone for a strong team next year.

Wilbur Diepholz, Dean Eastin, Bill Shadow, and Ken Sparks placed fourth in the Big 12, with the team placing sixth. In the Sectional Pat Kelley placed second and qualified for the State Finals in Chicago and the team placed sixth.

Their season's record was five wins and five losses.



Another pin for a MHS grappler.

First Row: Vern McFarland, Ronnie Wilson, John Burns, Wilbur Diepolz, Richard Rodgers.
Second Row: Manager David Young, Pat Kelley, Tom Collins, Bill Shadow, Bubby Hatfill, Dick Highland, Ed Berkowitz, Britton Myers, Dick Watson.
Third Row: Larry Shadow, Raymond Crenshaw, Jim Whitley, Jim Trower, Coach Chuck Oyler, Kenny Sparks, Charlie Montgomery, Bob McCall.

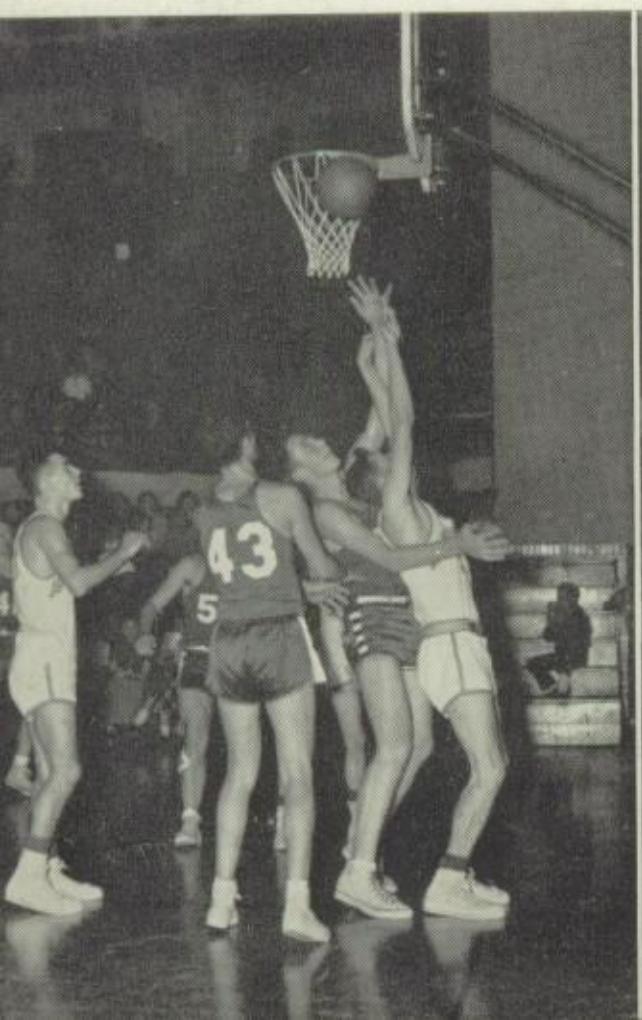
First Row: Read Ross, Jim Van Cleave, Bob Hart, Pat Bradley, Bob Snapp, Howard Decker, Coach Andy Sullivan.

Second Row: Manager Duane Duncan, Bob McDowell, Ronnie Davidson, Larry Dallas, Tom Karpus, Joe Wade, Harry Janssen, Don Searles, Dick Ward.

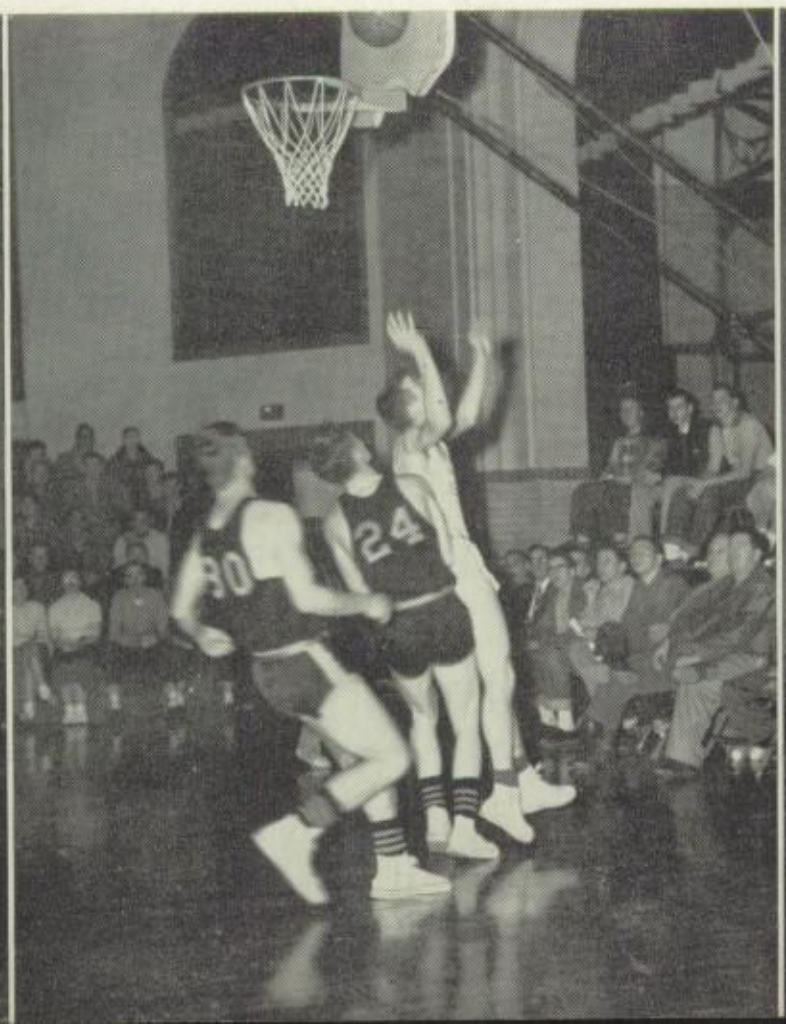
VARSITY BASKETBALL

The whistle blows ending the final game of the season for a sometimes hot and sometimes cold Green Wave team. The future looked sunny for the cagers after three quick wins at the beginning of the season. They then dropped into a slump which lasted long through the holiday tournaments and regular season. The luckless Wave did not dent the win column for fifteen games, then they beat Springfield by two points in a hard fought game. The team finished the season with a 5 and 19 record. Mr. Sullivan is looking forward to a strong team next year, as several boys are moving from the "B" team to the varsity squad.

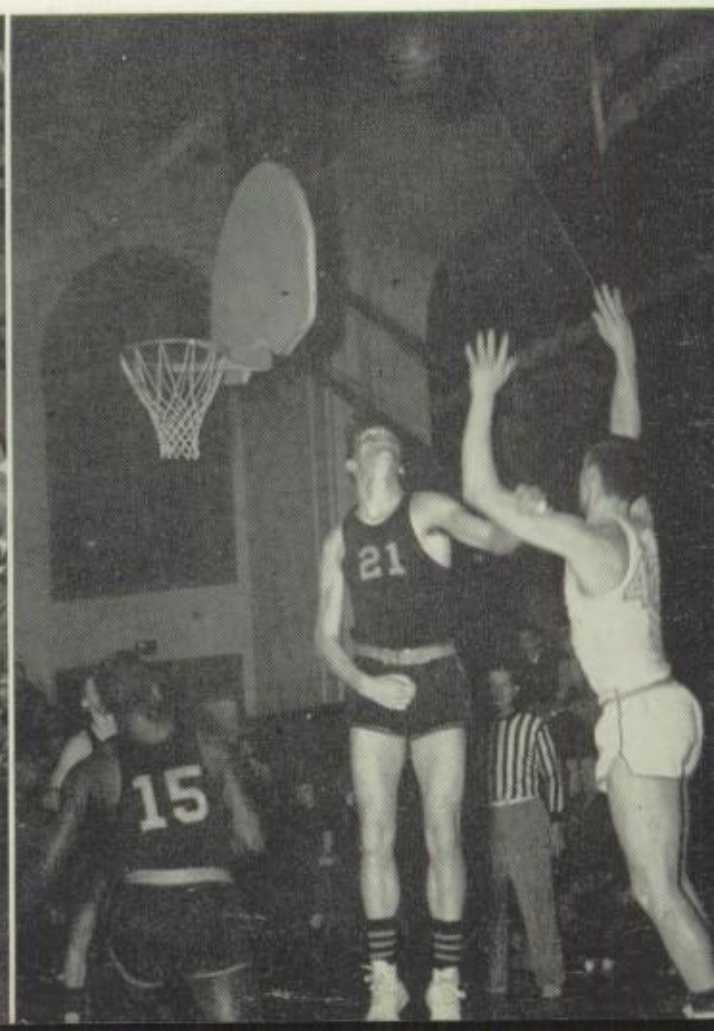
Jerry McDowell rebounds.



Decker racks up two more points for the Green Wave.



Hart hits from the corner.



BASKETBALL MANAGERS

Left to right: Bob Clark, Duane Duncan, Steve Whitley, statistician; Phil Schreck.

First Row: Coach Ed Lash, Bud Karpus, Jerry McDowell, Harry Janssen, Ronnie Davidson.

Second Row: Duane Bryan, Dick Kragler, Carl Owens, Kenny Diepholz.

Top Row: Jim Baker, Jerry Armstrong, Bob McDowell.

"B" TEAM

The sophomore hopefuls of Ed Lash's "B" team came through with flying colors this year. Using a play-calling offense, they ran up a very successful season. Coach Lash was not blessed with much height, but the sharp-shooting wave sophomores made up for their average height. With a fine freshman team coming up next year, M.H.S. will see a smooth sophomore team to take the place of the boys "lost" to the varsity.

FRESHMAN TEAM

Coach Max Patrick has many reasons to be proud of his 1953-54 basketball team. With an impressing 12-4 record, Mattoon's frosh cagers looked very good against all teams played. The future of M.H.S. basketball teams is in very good hands with such tall boys as Horn and Garbe and an excellent guard such as Andrews. As a whole the team was well balanced and very strong.

First Row: David Sheeks, Larry Williams, Mike Whitley, Joe Matherly, Bruce Wisner, Steve Van Cleave, Ronnie Kerans.

Second Row: Dick Andrews, David Sorenson, Gale Garbe, Jim Horn, Elmer Douglas, Joe Orndorff.

Top Row: Manager Phil Shreck, Jim Davee, Jim Pruitt, Bob Checkley, Coach Max Patrick.

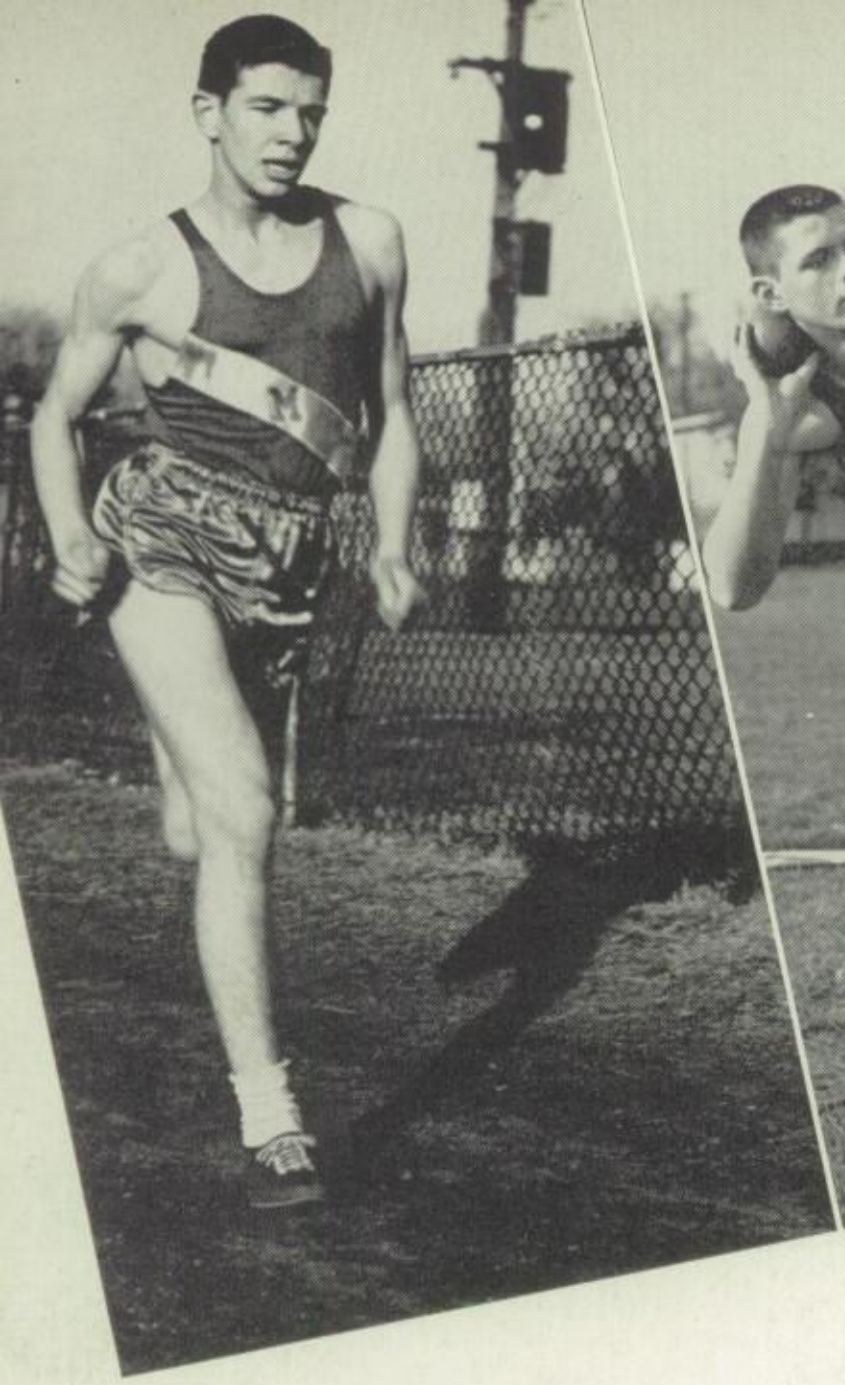
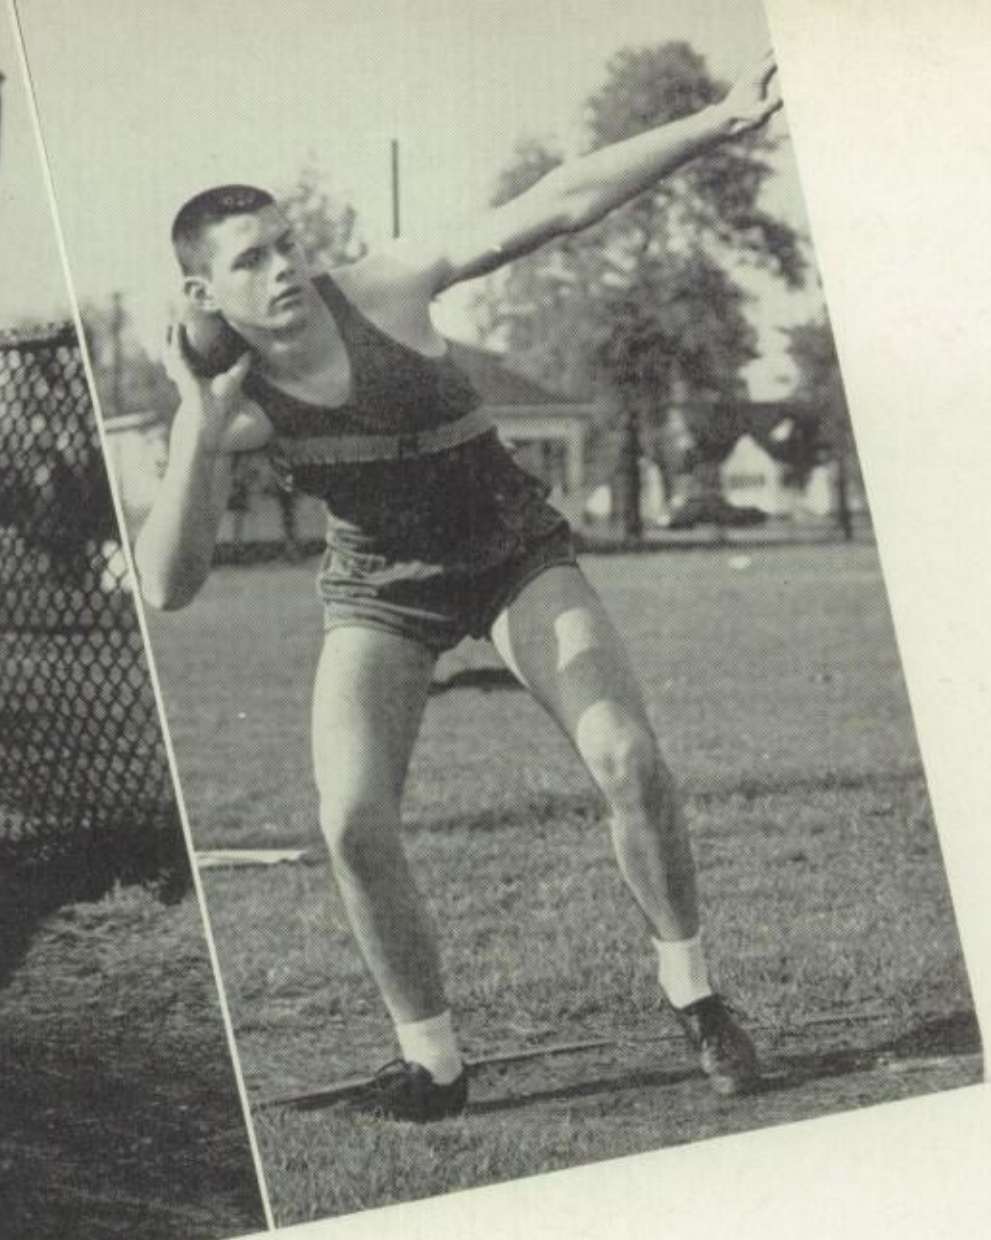
TRACK



Berkowitz nears the finish.



Timmons with the shotput.

If someone would venture out to Kinzel Field this spring, they would hear Coach Max Patrick instructing his boys on the art of running, jumping, pole vaulting, and throwing the weights. The Mattoon Relays were canceled this year due to financial difficulties. This year's track team was composed mostly of underclassmen, insuring Coach Patrick of a strong team in 1955.

"Keep your eye on the ball. Take a full swing." These are just a few of the instructions that Coach Ed Lash gives to the baseball team at practice. The baseball team had a better than average season this past year. They played the usual Big Twelve teams and several other schools from the Mattoon area. The District was again held here.

First Row: Bubby Hatfill, Bob Clark, Don Shepardson, Carl Owens, Rodger Misenheimer, Bob Hart, Read Ross, Jim Davee, Marion Kirkendall.

GOLF

With returning lettermen to form the nucleus of the 1954 golf team, coached by George Moritz, they completed a fine season. The Green Wave linksmen had a tough schedule with dual meets with Urbana, Decatur, Effingham and Champaign.

The Big Twelve meet which was held at Pekin helped complete a fine season for the squad.

Returning lettermen this year were Jim Whitley, Jim McMillan, Larry Ryan, Kenny McMillan, John Hill, and R. G. Stewart.

Left to right: Larry Ryan, Kenneth McMillan, Jim Whitley, Roy Stewart, Jim McMillan, Larry Romans.

TENNIS

With an ample supply of Freshmen reporting out for tennis, Coach Chuck Oyler's outlook for the '54 and '55 season is good.

Four lettermen composed the first four men, while a newcomer occupied the number five spot. Meets were held with Decatur, Pana, Unity High, and Effingham. The Big Twelve meet was held at Pekin.

First Row: Dick Ward, Bob Laughun, Clark Nelson, Jim Baker, Ronnie Chaplin.

Second Row: David Sorenson, Bob Checkley, Nolan Sims, Dick Woodfall, Larry Cummings, Coach Chuck Oyler.

VOLLEYBALL

The volleyball championship game was played with as much enthusiasm and excitement as if hundreds of fans were watching. During the past year we have been taught and worked with, by the best faculty any school could hope to have. We have probably been doubtful of a teacher's meanings occasionally, but in the end we always realized that the teacher was right. Teaching is a task which is taken on by a few for the benefit of many. Here at MHS the teachers did and will keep on doing a splendid job of helping us to acquire knowledge.

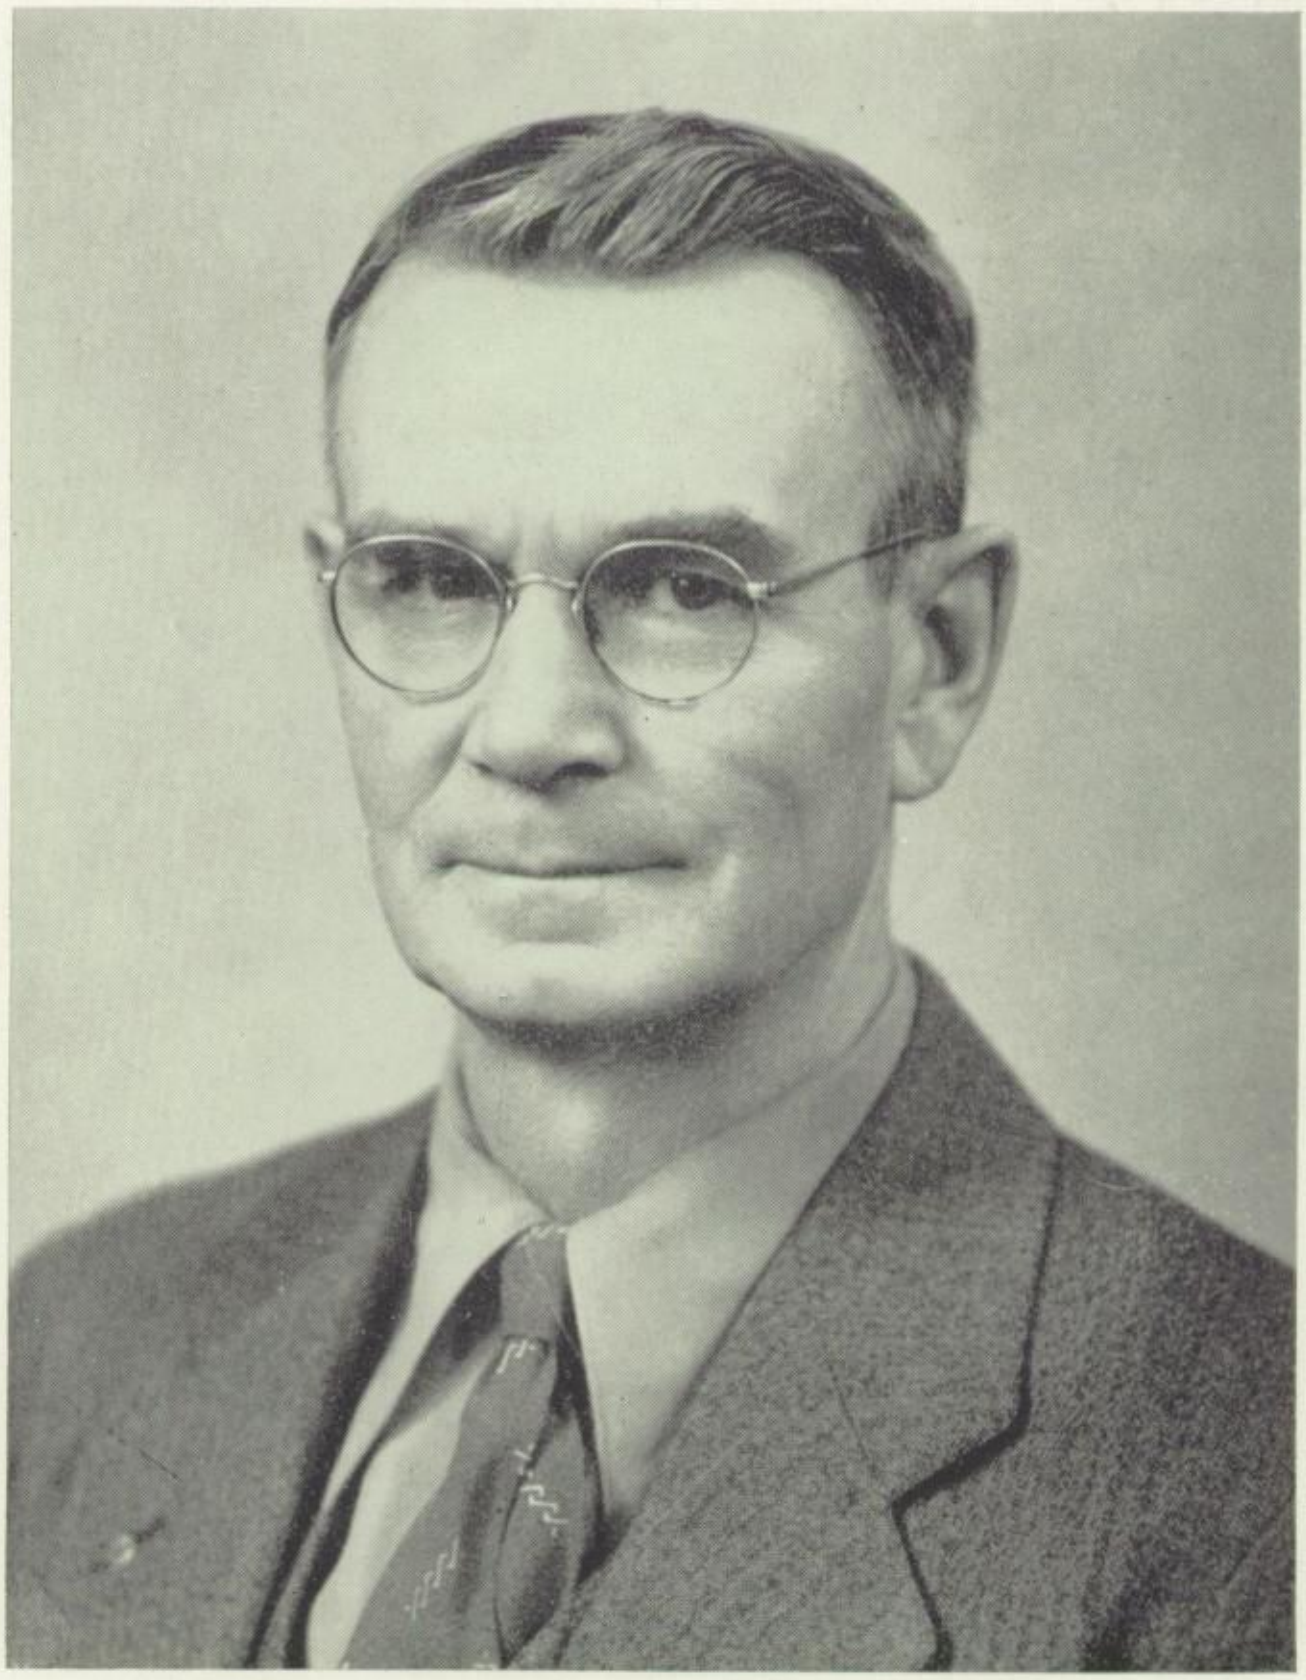
BOARD OF EDUCATION

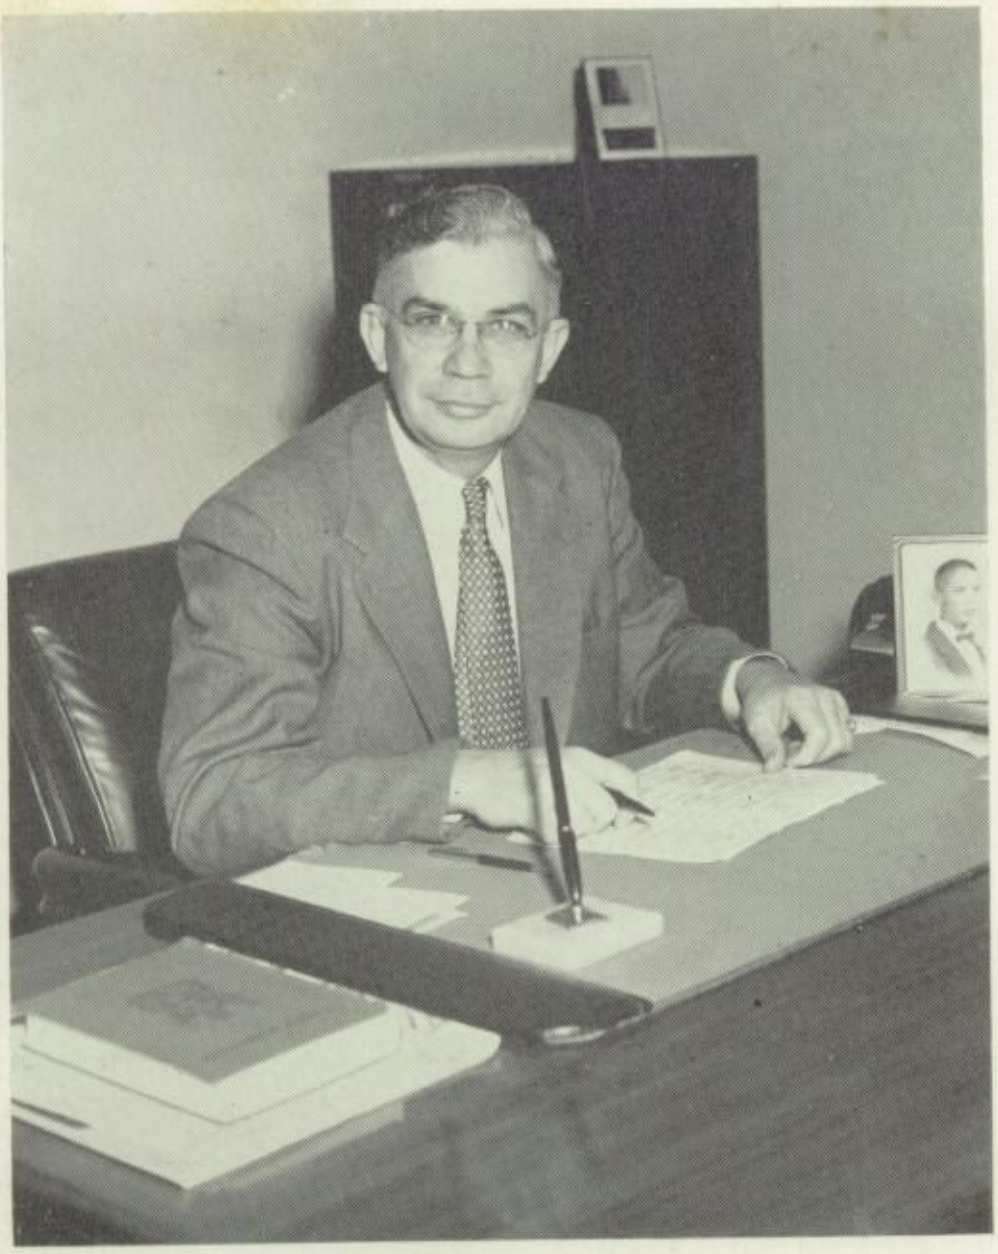
The destiny of America is in the hands of the illustrious members of the school board who must provide the educational facilities for our budding young geniuses. Only by their watchful care do our schools move forward on the path of destiny.

A TRIBUTE

Only a disabling injury forced Mr. Starwalt to give up a life long service to the young people of this community. After teaching rural schools for 22 years he became a member of the Board of Education in the Humboldt District. He has served on the Unit District Board since its beginning. School Board membership often earns more buffets than praise. It costs members time and energy with no renumeration whatever. We hope that our small token of appreciation may serve as some reward for his unselfish labor.



MR. O. F. STARWALT



MR. VIRGIL JUDGE

SUPERINTENDENT OF SCHOOLS

Mr. Judge was a newcomer to our schools this year, however, within a relatively short time he has won a place in our hearts. His obviously sincere interest in us and our affairs, his kindly attitude in dealing with us and our problems, and his able leadership in helping the board, faculty, and students develop better schools.

ASSISTANT PRINCIPAL

The toughest job around the school is dishing out the penalties for wrongdoing. This unpleasant task has fallen to Mr. Weyrauch who has handled the job with a great deal of skill.

MR. JOHN WEYRAUCH

PRINCIPAL

A genuine concern for the welfare of each of our students guides Mr. Clawson's activities in managing our high school. The administration of the widely diversified program of a modern high school is very difficult. The man in charge is constantly faced with problems both serious and complex. Mr. Clawson has done a commendable job in solving these problems and helping us to obtain a good education.

MR. H. A. CLAWSON

MR. W. G. HOOPER

GUIDANCE DIRECTOR

Mr. Hooper is the man to see about any problems you might have during the school year. He is never too busy to see us and he is always ready to assist us on applying for scholarships and making plans for college. To a great many of us he has been a real friend.

FACULTY

English Department: Miss Bowman, Miss Bratton, Miss Heath, Mr. Tweedy, Mrs. Neal, Miss Grimes, Miss Gabbert.

Art Department: Mr. Moritz.

Essays, short stories, and book reports go hand in hand with practically any English class. Speeches and poems are also a part of this very important, though we sometimes think otherwise, subject.

Have you seen a paint-spattered or pottery covered student walking around? More than likely he is taking an art course. This is a very interesting and beneficial course for any student with a creative mind.

If you can't "boil water without burning it", the course for you is homemaking. These courses not only teach the cooking and sewing side of the homemaker, but also the arts of interior decoration and child care.

Homemaking Department: Mrs. Rockabrand, Mrs. Zimmerman, Miss Whitezel.

FACULTY

Business Department
Row 1: Miss Lahey, Miss Franklin, Mrs. Harden.
Row 2: Mr. Jones, Mrs. Monier, Mrs. Knapp, Mr. Swearingen.

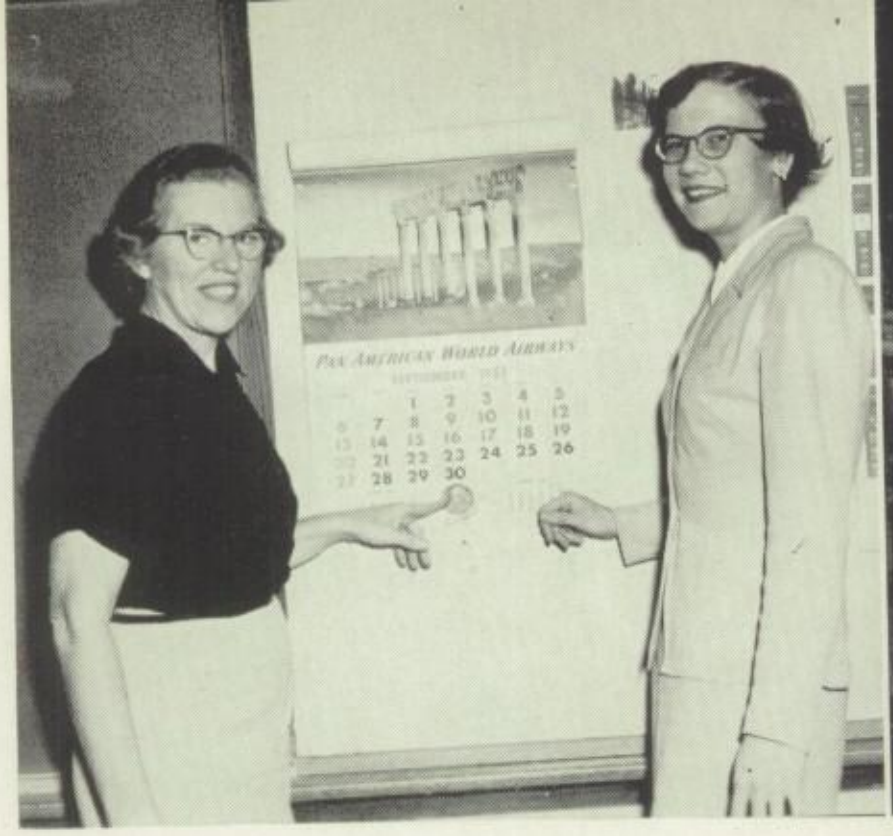
Typing, shorthand, stenography, and any other course pertaining to the business world are a part of the business education department. For any young person who is planning to make his living by office work, any one of these courses would be extremely helpful.

Helping boys that are chiefly interested in becoming farmers is the job of the agriculture department. Livestock, soil conservation, and farm improvement are just part of the many lessons that are taught.

Electricity, metal, wood, and vocational trades are all that go together to make up the vocational department. These courses are open to boys who are interested in industrial education of any sort.

Agriculture Department: Mr. Erwin, Mr. Stewart.

Vocational Department: Mr. Ikenberry, Mr. McPeak, Mr. Osborne, Mr. Crites, Mr. Elliott.



Language Department
Miss Lutz, Miss Keoughan.

Library: Miss Pyle, Mrs. Struthers.

FACULTY

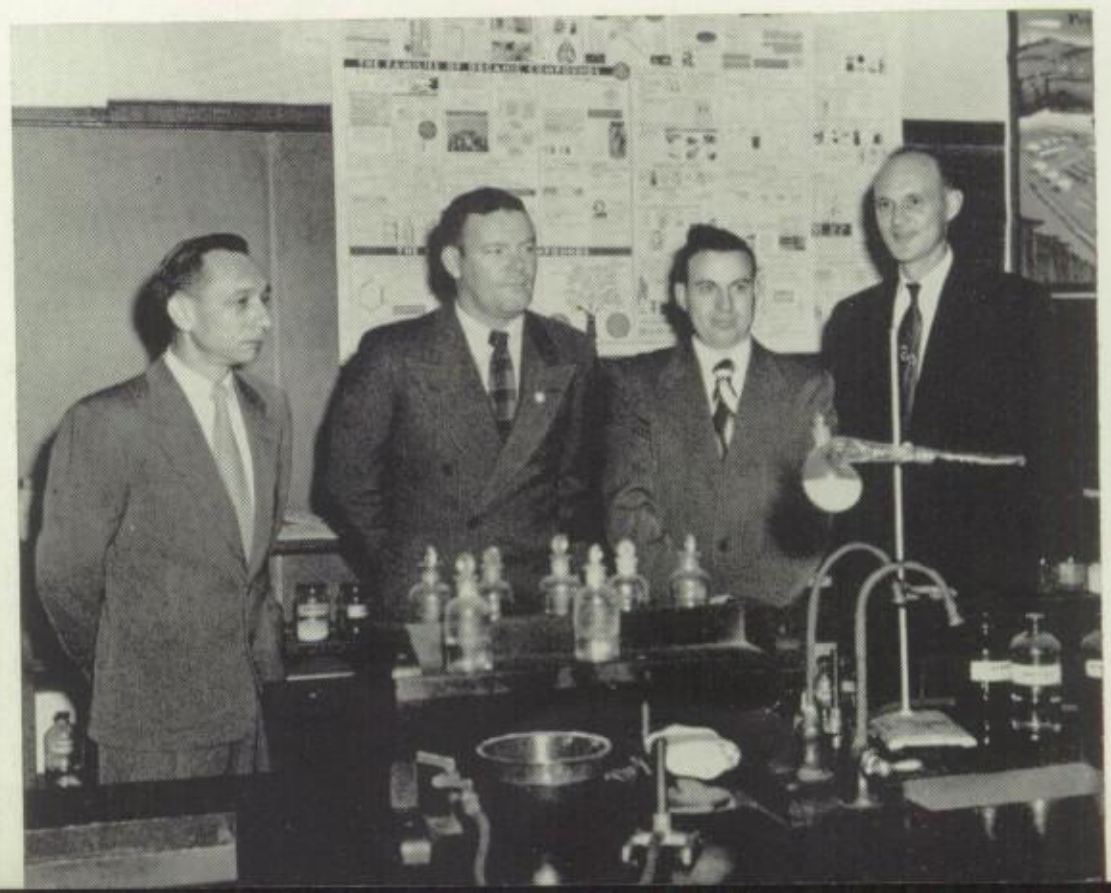
French, Spanish and Latin are the three languages that are offered in the language department. Any one who finds they are interested in more than one year, can take an additional year.

The librarians are always ready to help and assist you in selecting books or obtaining information. During study hall periods, a person can read the latest magazines or newspapers for enjoyment or for obtaining information.

Solving equations, theorums, figuring formulas are all that go together to make up the mathematics department. A new rule was put to use this year. All 1956 graduates must have one year of mathematics.

If you have the ambition to be another Einstein, the science department is the one for you. Solving formulas, figuring the depth and height of objects and dissecting insects make up part of the program in science courses.

Mathematics Department: Mr. Green, Mrs. Worrell, Mr. Colin.



Science Department: Mr. Lackey, Mr. Lash, Mr. Sheppard, Mr. Shields.

Music Department
Mr. Chambers,
Miss Julsrud

ROTC Department: Major Coneybeer, M/Sgt. Beadles, Sgt. Bainne.

FACULTY

If you like to play any kind of musical instrument or sing, the music department is the one for you. Going to band and vocal contests and playing or singing for assemblies make up the active side of the music department.

The military side of life is found in the ROTC department. Here the boys have a chance to train for military life, by marching and drilling. A very rigid inspection is held in the spring.

In physical education the boys are taught wrestling, basketball, baseball, and health. The girls learn the techniques of volleyball, basketball and tumbling. Exercises play a big part in limbering up the boys and girls for active physical education.

The questions "When did Columbus discover America?" and "When did the Pilgrims come to America?" are all answered in the social science department. In these courses, students learn the history of the world. One year of American history is required to graduate.

SENIOR CLASS

OFFICERS

Jim Van Cleave ..... President

This year, as in every year, all the Senior activities pointed to that **Big** day in May—graduation. The ending of high school days spelled the beginning of a lot of work for these four officers and their advisors, Miss Lahey and Mr. Crites.

The ordering of class cards, the collecting of class dues, and the fitting of caps and gowns were just a few of the problems they ironed out this past year. Thanks to the well appointed committees, the Spring Party was a huge success again this year.

A lot was expected of these four officers during the past year and they came through doing a tremendous job. We of the 1954 Senior Class say farewell and lots of luck to those who follow us.

These four people are in charge of one of the most gala affairs of the entire school year—the Junior-Senior Prom. To most of us the Prom means music, beautiful decorations, and a dimly lighted gym. However, to these four officers and their advisors, Mr. Moritz and Miss Keoughan, the many long hours of planning and decorating are the biggest part of the Prom. This time was not spent in vain for the Prom was a huge success.

Conducting the seniors to their places at the Baccalaureate and Commencement ceremonies was one of the big thrills of the year for the Junior Class Officers.

SOPHOMORE CLASS

OFFICERS

Ronnie Davidson ..... President

Carol Sempsrote ..... Secretary

This year all the problems and responsibilities fell on the shoulders of four capable officers: Ronnie Davidson, Jerry Armstrong, Thalia Brandenburg, and Carol Sempsrote.

The biggest Sophomore activity this past year was the Valentine dance held in February. The highlight of the evening was the crowning of the Queen, Thalia Brandenburg, and the King, Ronnie Davidson. This was one of the most unusual dances of the year, for the girls treated the boys.

Mrs. Worrell and Mr. Lackey, the advisors, did a great job in helping make this past year a success.

FRESHMAN CLASS

OFFICERS

Suzanne Summers ..... President

Judy White ..... Vice-President

Carolyn Henry ..... Secretary

Dick Andrews ..... Treasurer

The Freshman class started the year off right with lots of enthusiasm and four energetic officers to carry out their plans. Suzanne Summers, Dick Andrews, Carolyn Henry, and Judy White did the brain work for all the projects this past year. These projects have included selling homemade candy at noon, and entering a float in the annual Homecoming parade.

A lot of credit is due to the two advisors, Mrs. Knapp and Mr. Gaines, who have done a great job in helping make this year a success.
